

Millersville University

Founded in 1855, Millersville University of Pennsylvania was established with the ideals that teacher preparation and classical learning are essential elements of public education and enlightened citizenship. One hundred and sixty years later these ideals still hold true. Although the University and its academic offerings have grown significantly, today Millersville University is considered a destination of choice not only for Pennsylvanians but for out of state and international students seeking a top-rated liberal arts education. Situated on over 250 scenic acres, Millersville offers an intimate and welcoming setting just outside of historic Lancaster City and within easy reach of New York, Philadelphia and Washington D.C.
