

Clemson is a science- and engineering -oriented university and is ranked as the 27th national public university by U.S. News & World Report. There are 80+ undergraduate majors, 700+ active research projects, 120+ graduate programs, and 500+ student organizations and clubs. With an enrollment of 25,000 (20,000 undergraduates), classes are managed to ensure small sizes, a 19:1 student-faculty ratio, and high retention and graduation rates. Clemson offers academic, community service, and social opportunities found at major public universities—all on a beautiful campus surrounded by lakes, forests, and mountains. Clemson focuses on game-changing research, serving the community, rigorous academics, and creating a welcoming environment.
