

Founded in 1842, Ohio Wesleyan is located a quick 25-minute drive from Columbus, Ohio. OWU offers more than 70 undergraduate majors: from Accounting to Zoology, there's an academic program for just about everyone. OWU is featured in the book *Colleges That Change Lives*. Every student is guaranteed a transformational experience (research, internship, field studies) that will prepare them for the causes, careers, and graduate school opportunities they want to pursue. We do this through close relationships with faculty-mentors and through a unique program called The OWU Connection. The experiences of our students result in strong outcomes: 96% of 2020 graduates report being employed and/or in graduate school.
